April,

Would you please file this email for transmission to the BPRPAC with the next agenda?

Thanks,
Wendy

Hi Wendy,

Terry was able to do some research on the topic of sidewalk snow removal in the Town of Bridgeport. As we previously discussed there are no existing agreements regarding sidewalks in Bridgeport. Caltrans has historically fallen back on the Streets and Highways code 5610, see attached, and has never cleared the sidewalks. The County has always done the sidewalks in front of their building and the locals/merchants have always done the sidewalks in front if their businesses.

I hope this helps.

Hi, Lianne,

Hope you are doing well in this new day and age we are in with COVID-19! Did you ever have a

chance to verify with Terry who is responsible for clearing the sidewalks in Bridgeport in the winter?

Thanks,

Wendy Sugimura
