MEMORANDUM

Date: Mar. 21, 2018

To: Gerry

Subject: Walker General Store

Attached please find the site plan you requested, as well as a plan with the proposed improvements. When people park on the north side of the gas pumps in front of the Deli., It creates a problem for access to the pumps. This should eliminate the problem. On the proposed plan I have included the seating numbers.

If you have any questions or comments please call on my cell, 760-263-4259 as I will be in Lancaster weekdays for the next 4 weeks for medical treatments.

Thanks for the help,

Bob Vance

*I'll be working @ Home on the weekends
