

# MONO COUNTY BEHAVIORAL HEALTH WALKER SMALL HOUSE PROJECT

The mission of this project is to promote health & well-being by providing housing for community members receiving mental health services in Walker, CA.

## What is the Walker Small House Project?

- Four small houses behind the Walker Wellness Center, each 560 square feet & ADA accessible
- Permanent housing with supportive services on-site for people receiving behavioral health services and who live in Walker

The State has set aside funds to provide housing for people with mental illness & research shows that permanent supportive housing is one the best solutions.
