

## **General Description of Business**

The applicant, BASK Ventures, Inc. (BVI), plans to operate an indoor cannabis cultivation business in a soon to be built 20,000 square foot facility, with 10,000 square feet of canopy space reserved for mature plants. Our operation will be for adult-use only. The plants will be grown on the premises and sold wholesale to distributors until BVI obtains a distribution license of their own. The operation will strictly adhere to all rules and regulations enforced by both Mono County and the state of California.
