Discussion: Judge Magit would like to see a report on goals met, what programs are working, and what the data shows. Karin reviewed the progress made on our goals and objectives, what goals were met, and our ongoing goals of transportation, community advisory board and transition house.

How to re-energize and regain excitement with the General Committee group, attract new members. Suggestion for possibly hiring a strategist to help.

An analysis of pretrial services, how probation term limits have affected results, lack of mental health services, feedback from other similar size counties on how they are doing with their CCP programs and any new ideas they may be working on. This would help us to develop our future goals.
